

Attention: Oregon Producers **SR-22's NOW Available in Oregon!!** **Effective: 01/21/11**

Omni Insurance Group has NOW made available what our Oregon customers have been asking for! You will now be able to print an **ORIGINAL SR-22** when you print the insured's declaration page!!

The Process is Simple:

- Once you have issued the policy with an SR-22, simply pull your customer's policy back up and choose the DEC page option. The SR-22 will appear after the declaration page which you can then print and give to the insured.
- This form has been approved by the Oregon Department of Insurance and is available to you today!

Also keep in mind other highlights of our Oregon auto program which include the following:

- **In-Agency Transfer Discount** – If you are quoting another carrier's renewal policy originally written by your agency, you can apply an additional discount to the rate on top of the "Prior Insurance Discount". This will allow you to provide a rate that is significantly lower than your competitors can provide with Omni!
- **Reinstatement with a lapse up to 30 days after cancellation** – Insureds retain their discounts up to 30 days without having to rewrite their policy!
- **Down-payments as low as 11% on six month policies** - Insureds can pay as little as 11% down on six month policies (5.5% on annual policies) with **NO** restrictions, making Omni even more affordable for your insureds!
- **Assigned Underwriters** - We assign an Underwriter to your agency to assist you with all new business submission issues, ensuring a quality customer service experience.
- **Quick On-line Endorsements** - Make policy endorsements on-line immediately after issuing a policy and view your real-time commission statements daily!

Remember; quoting with Izzy is easy! Start quoting those SR-22 risks with Omni today!

If you have immediate questions about this exciting change or still haven't been set-up to use IZZY, please contact your Oregon Marketing Rep or our Marketing Support Team at: 866-300-6433 extension 29039 today!
